

CYBER Carry-Thru

Experts Focused On Your Protection. We Deliver.

The Tools and Resources to Prevent and Manage Cyber Breaches

According to the Identity Theft Resource Center (ITRC) more than 1,108 breaches, exposing more than 300 million records, occurred in 2020.

When a breach event occurs, time is of the essence. Having a breach response plan in place with access to the third-party resources you need can help you efficiently and cost-effectively respond to and recover from the breach.

At Berkley Financial Specialists, we don't just stop with the policy - we have the resources and services that extend and "carry through" after the policy is written, along with a commitment to be there when you need us most.

Berkley Financial Specialists' Management Liability policyholders with the Electronic Banking Liability or Electronic Business Liability option receive complimentary access to the CYBER Carry-Thru portal, powered by NetDiligence®. CYBER Carry-Thru is a private, mobile-friendly website that provides tools and resources to help you understand your exposures, establish a response plan and minimize the effects of a breach on your organization.

Key Features of the CYBER Carry-Thru portal include:

Incident Roadmap:

Includes suggested steps to take following a network or data breach incident, free consultation with a Breach Coach® and access to a breach response team. It also includes a free half-hour consultation with a HIPAA Coach

News Center:

Cyber risk stories, security and compliance blogs, security news, risk management events and helpful industry links

Learning Center:

Best-practices articles, white papers and webinars from leading technical and legal practitioners

Risk Manager Tools:

Assists you in managing your cyber risk including a self-assessment and state breach notification laws

eRisk Resources:

A directory to quickly find external resources with expertise in pre-and post-breach disciplines

The CYBER Carry-Thru portal is an effective way for Berkley Financial Specialists Management Liability policyholders to combat cyber losses by providing the tools and access to qualified resources they need to prevent, manage and respond to a breach.
