The Tools and Resources to Prevent and Manage Cyber Breaches

According to the Identity Theft Resource Center (ITRC), more than 717 breaches exposing more than 176 million records occurred in 2015.

When a breach event occurs, time is of the essence. Having a breach response plan in place with access to the third-party resources you need can help you efficiently and cost-effectively respond to and recover from the breach.

At Berkley FinSecure, we don't just stop with the policy - we have the resources and services that extend and "carry through" after the policy is written, along with a commitment to be there when you need us most.

Berkley FinSecure's Management Liability policyholders with the Electronic Banking Liability or Electronic Business Liability option receive complimentary access to the CYBER Carry*Thru portal, powered by NetDiligence®. CYBER Carry*Thru is a private, mobile-friendly website that provides tools and resources to help you understand your exposures, establish a response plan and minimize the effects of a breach on your organization.

Key Features of the CYBER Carry*Thru portal include:

- Incident Roadmap – includes suggested steps to take following a network or data breach incident, free consultation with a Breach Coach® and access to a breach response team. It also includes a free half hour consultation with a HIPAA Coach.
- News Center – cyber risk stories, security and compliance blogs, security news, risk management events and helpful industry links
- Learning Center – best-practices articles, white papers and webinars from leading technical and legal practitioners
- Risk Manager Tools – assists you in managing your cyber risk including a self-assessment and state breach notification laws
- eRisk Resources – a directory to quickly find external resources with expertise in pre- and post-breach disciplines

The CYBER Carry*Thru portal is an effective way for Berkley FinSecure Management Liability policyholders to combat cyber losses by giving them the tools and access to qualified resources they need to prevent, manage and respond to a breach.

Berkley FinSecure provides effective and efficient insurance solutions and claims handling to the financial services industry and our empowered industry experts are dedicated to providing personal service you can rely on. Berkley FinSecure is backed by the strength and protection of the W.R. Berkley Corporation.

Products and services are provided by one or more insurance company subsidiaries of W. R. Berkley Corporation. Not all products and services are available in every jurisdiction, and the precise coverage afforded by any insurer is subject to the actual terms and conditions of the policies as issued. Certain coverages may be provided through surplus lines insurance company subsidiaries of W. R. Berkley Corporation through licensed surplus lines brokers. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds. For additional information concerning W.R. Berkley Corporation's insurance company subsidiaries, please visit: <http://wrbc.info/Licensing/License.htm>
